

Summit Christian School Daily Pick-up/Drop-off Procedure

Drop off Procedure

Students will be dropped off and picked up daily at the sidewalk at the front entrance of the school. Vehicles should enter the parking lot from the east off of Hessler Road and merge into one lane following the white arrows towards the front entrance of the building. Students should wait inside their vehicle until a staff member approaches the vehicle and indicates it is ok to exit the vehicle. Students should exit the vehicle on the same side as the sidewalk and will enter the building through the front doors where they will be directed to their classroom.

Pick up Procedure

Students will be picked up at the front entrance of the school. Vehicles should enter the parking lot from the east off of Hessler Road and merge into one lane following the white arrows towards the front entrance of the building. The car pick up tag should be displayed so that the name can be easily read by the staff member announcing pick up. Vehicles should pull to the sidewalk area and wait for your student to walk to their vehicle. Students will enter the vehicle on the side nearest to the sidewalk.
